PROJECTS

NUS Health Hack 2025

UI/UX Designer

Feb 2025 - Mar 2025

- Created Surgipedia, a speech-to-text and picture-to-text mockup designed to help doctors compile surgical research data efficiently
- Led design of user flows and low-fidelity wireframes to visualize core features and streamline transcription of aural and pictorial surgical data into structured Excel outputs
- Collaborated with a cross-disciplinary team of developers and a clinical advisor to ensure interface met real-world hospital needs
- Synthesized cross-departmental clinical feedback to design scalable UI patterns for diverse surgical domains
- Developed final pitch video, contributing visual assets and UX insights to help communicate clinical relevance and usability of solution

CERTIFICATIONS

- Google UX Design Specialization
- Google Project Management
- Google Cybersecurity
- AI4I - Literacy in AI
- Skills: C, Java, SQL, Figma

EXPERIENCE

Adventure Plus Pte Ltd

Outdoor Camp Instructor (Freelance)

Jan 2024 - Present

- Led and supervised school camp groups of up to 40 students, ensuring safety during outdoor activities such as team-building games, high elements, and outdoor cooking
